Aims

The Behaviour Policy aims to:

- Set the standards which underpin the ethos of Rye Hills Academy;
- Enable effective teaching and learning;
- Promote positive student behaviour.

Objectives

- To encourage every member of Rye Hills Academy to show care, courtesy and consideration to other members of the academy and to the wider community;
- To emphasise the importance of good behaviour and its relationship to learning;
- To emphasise the value of partnership between the parent/carer, student and the academy in the achievement of high standards of behaviour within the whole academy community;
- To provide a framework for the consistent management of all behaviour-related issues.

General principles

The academy recognises that effective teaching and learning only takes place in an atmosphere where there is a clear understanding of what is and what is not acceptable behaviour. Actions which prevent teachers from teaching and students from learning are not acceptable.

The following principles should be recognised if a whole-academy approach to behaviour management is to be successful:

1. An understanding and acceptance of the policy by every member of the academy is important if our aims are to be achieved;
2. The Behaviour Policy is a partnership between all members of the academy;
3. A whole-academy approach is intended to be preventative wherever possible. Pro-action is more effective than re-action;
4. Self-discipline should be the ultimate aim for all members of the academy. Students are responsible for their own behaviour;
5. Rewards, obtainable by all, are an effective way of improving and maintaining good behaviour and should be applied consistently;
6. Behaviour patterns can be changed and indiscipline managed effectively only when behaviour management is handled consistently;
7. Sanctions must be administered fairly and be appropriate to the breach of conduct;
8. Effective behaviour management seeks to avoid escalation.

Several other academy policies should be referred to in conjunction with the Behaviour Policy.

These include:

- Equality Duty Statement;
- Anti-Bullying Policy;
- Child protection Policy;
- Attendance Policy;
- E-safety Policy.

This Behaviour Policy is also linked to:

- Code of conduct for Students;
- Home-academy agreement;
- Attitude to learning scores.

Expectations

An orderly atmosphere and consideration and respect for others is an important element of our approach to behaviour. There is an expectation of high standards of behaviour which promotes respect and learning, of both self and others, at all times within the academy grounds, and also off site, particularly when students are travelling between Rye Hills Academy and home or on academy visits.

In the classroom

Students are expected to make a positive contribution to the working atmosphere of Rye Hills Academy. They should arrive at lessons promptly at all times and with proper equipment and ready to learn. Their behaviour should be such that maximum use can be made of the time available for learning. Work should be completed and handed in on time.

Around the site

We expect students to move around the site with concern for the safety of themselves and others. In areas where movement can be difficult, students should move briskly and keep to the one way systems in the building. Opening doors, standing back to allow others to pass and generally being courteous are important. People should be allowed to leave the building before others enter if there is a bottleneck.

Behaviour in the academy grounds

The playing of games should take place in the playground or on the grass mound area. Use of the AstroTurf during lunch times will be supervised by staff and students must wear appropriate footwear. No food is to be consumed on the AstroTurf. Students require a pass to be inside the school building for scheduled clubs and activities during break and lunch times or specific permission from staff to be inside the building for other reasons. Students should act in a courteous manner and report any incidents to staff on duty. Any damage to academy property must be reported and a charge may be made.

Wet weather break and lunch

During poor weather conditions students must remain inside the building, where the staff duty team are in place to ensure students are safe. Each year group will have classrooms designated to them where they may enjoy their social time. They will be allowed to visit the toilet during these times, but not in large numbers. Students should not move around the school in areas which are designated to other year groups. At no point during wet break and lunch are any students permitted to be in the Science or Design and Technology corridors. Students are expected to conduct themselves in a calm, courteous manner and respond to staff requests. Failure to do so will result in sanctions being issued.

During wet break and lunch, students are permitted to use mobile phones inside their designated classrooms **ONLY**. They are not to be out in any other part of the building.

Mobile phones

Mobile phones are **not** permitted to be used inside the academy building between 8.20 am and 3.15 pm or during detentions after school. Phones should be switched off and kept out of sight when inside the building.

Exceptions to this are as follows:

For educational purposes, as directed by their teacher;

During break and lunch times in the **outside areas only (unless wet break or lunchtime – see above)**.

No pictures or videos are to be taken at any time, unless directed by staff for educational purposes. This is to protect students and staff from having their image taken without formal consent.

Please refer to the Mobile Phone Policy for further details.

Individual students

High expectations and clear instructions and systems will ensure good behaviour prevails throughout Rye Hills Academy. Where behaviour meets or exceeds our expectations students will be recognised and rewarded for that positive behaviour. Where students do not meet or fall below our expectations sanctions will be applied. Our approach to discipline is constructive and positive and implemented with a view to modifying the behaviour of students so they can learn and make progress. Students are responsible for their own behaviour at all times.

In cases of persistent poor behaviour and extreme indiscipline, isolation and fixed term exclusions are applied and on exceptional circumstances permanent exclusion may be considered.

Student support

In addition to teaching responsibilities, staff have an important role to play in supporting students. There will be times when poor behaviour is a symptom of issues faced by the student.

The academy employs College Pastoral Leaders (CPLs) and Pastoral Support Officers (PSOs) who are available to support students who are experiencing difficulties inside or outside of the academy.

Behaviour for learning – Best practice

Good behaviour will be promoted through the establishment of good relationships within the academy community built upon mutual respect.

Assemblies play an important role in promoting the ethos of the academy where courtesy, respect and good behaviour are the expected norm.

The academy curriculum also provides opportunities for consideration of behavioural issues, in particular through the PSHE programme, where issues such as tolerance, honesty, bullying, rights and responsibilities are addressed.

The academy will seek to provide a relevant curriculum for all students. The provision of high quality teaching and learning is central to achieving good behaviour.

Students who are experiencing behavioural and emotional difficulties will be supported through the academy's pastoral system, counselling and possibly the involvement of outside multi-agency teams.

Staff will deal with such matters in a professional manner and put appropriate support in place. Students may wish to discuss issues with staff but at no time is a member of staff able to promise a student confidentiality.

Student behaviours, both positive and negative, are recorded on the academy's Management Information System (MIS) referred to as Progresso. These are monitored, managed and analysed by pastoral staff.

Each member of staff has responsibility for upholding standards of behaviour in the academy, both within their classroom and around the academy site. Staff are provided with Continual Professional Development (CPD) to help them develop their behaviour management skills.

Rewards and awards

Rewards and awards are fundamental to achieving a positive learning environment. Positive behaviour will be logged on the Progresso system with points linked to each category of positive behaviour.

Rye Hills Academy firmly believes that rewarding positive behaviour leads to greater success and raised aspirations. See Rewards Policy (from September). Our rewards system is built on the belief that intrinsic rewards, such as pride and satisfaction in doing well, builds determination, self-respect and a resilience to achieve aspirations. That is why we encourage praise throughout the academy and look for positive behaviours in class and around the building.

We also understand the importance of extrinsic rewards to recognise achievements in a tangible or visible form. This allows students to be acknowledged by peers and parents/carers and can provide some incentive to achieve goals. That is why we do such things as award certificates, write letters/postcards home, display students' work and organise reward trips. We also have a Passport to the Prom which has proven highly motivational to our Year 11 students.

Roles and Responsibilities

Class Teacher will:

- Plan and deliver engaging lessons of an appropriate level of challenge;
- Use seating plans for all classes;

- Authorise the withdrawal of a student from a lesson;
- Monitor SLT reports;
- Authorise the placing of students in the isolation room when there has been a serious behaviour concern or persistent poor behaviour;
- Use Progresso to monitor, analyse and manage students' behaviour;
- Discuss behaviour data, trends and action plans.

Low level disruption

Low level disruption and inconsiderate behaviour threaten the rights of students to receive an effective education. Rye Hills Academy's Behaviour Policy encourages students to make positive choices and amend their behaviour.

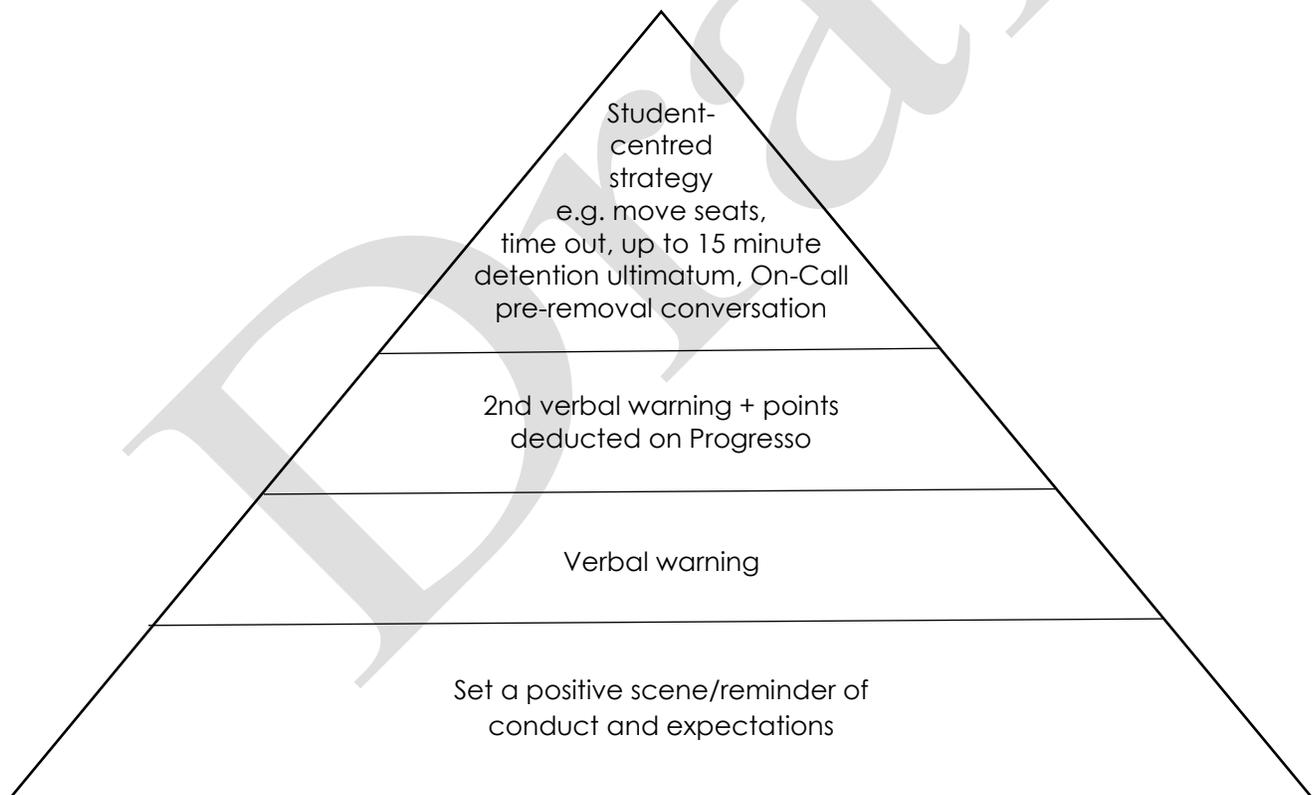

Low level disruption is any behaviour that undermines the student's own learning and/or that of others. If unchecked this sort of behaviour disturbs the flow of the lesson and undermines the teacher.

Rye Hills Academy's behaviour system is used to monitor and address low level disruption in lessons and around the academy site.

Low level disruptions fall into stage 1 and 2 of the behaviour hierarchy.

The following steps are examples of strategies that may be used by the class teacher moving up the hierarchy if the student does not amend their behaviour. These examples of strategies are by no means exhaustive.

Low level disruption: classroom sanctions

It is designed to highlight students who may require further support in the academy. The emphasis should always remain on providing the best learning environment for all students.

Reports

The Tutor report represents an early intervention strategy to improve behaviour for learning. It should be used to address behaviour. The aim of the Tutor report is to help students amend their behaviour so it becomes more positive.

A **form tutor** may place a student on report

- When a student in their form has numerous behaviour events on Progresso;
- When it is requested by a parent/carer;
- On return to class following isolation;
- As a result of a poor report at data capture.

Action:

- Inform staff;
- Check the report daily;
- A lost or incomplete report will result in an extra day on report;
- Tutor to phone home and discuss with parent/carer;
- Student is responsible for their own report;
- If a day is failed then the student will complete an extra day on report.

The **College Pastoral Leader report** is used to target students who have shown several instances of poor behaviour whilst on Tutor report, and have not made sufficient improvement.

The report will be used for students:

- On return from a fixed term exclusion;
- Serious behaviour concern or persistent poor behaviour, at the CPL's discretion.

A student can be taken off Tutor report and placed on CPL report at any time, at the CPL's discretion.

Action:

- Inform staff;
- CPL to phone home and discuss with parent/carer;
- CPL to check report daily;
- A lost or incomplete report will result in an extra day on report;
- Student is responsible for their own report.

The **Senior Leadership Team report** is used for a variety of reasons such as:

- Students who demonstrate more serious behaviour concerns or persistent poor behaviour;
- After a behaviour panel meeting.

Action:

- Inform staff;
- Member of SLT to check the report each day;
- A lost, incomplete or failed report will result in an extra day on report;
- The students should complete an SLT detention for being on report;
- Failure to complete SLT report can lead to formal academy sanctions.

Detentions

Rye Hills Academy operates a detention system for students who fail to meet our expectations. Under the Education and Inspections Act 2006, the academy has the right to issue a detention within academy hours (e.g. at break or lunchtime), after the academy day ends, during PD days or at the weekend.

The reasons a detention may be given and likely length of that detention are outlined later in this policy. The detention system operates in a hierarchical manner depending on the behaviour that is being addressed.

The student is responsible for attending the detention.

The member of staff who is managing the detention will discuss with the student:

- **Why have you been given this detention?**
- **What are you going to do to avoid being in detention again?**

Whole class detentions will not be given

Detentions issued for lateness will be 15 minutes in duration. Arriving after 9 am will incur a 30-minute detention.

Lunch time detentions may be issued for poor behaviour around the academy site and will last up to 30 minutes, allowing students the opportunity to get lunch and visit the toilet.

Although parental consent is not required for an after school detention, we will endeavour to notify a parent/carer in advance through the student's planner.

A parent is unlikely to be informed of a detention that takes place during the academy day, although this should be recorded in the student's planner.

Teachers and Leaders may also issue compulsory subject support sessions which may vary in length depending on the nature of the work and are not restricted by the detention timeframes above. Notice will be given to a parent/carer to ensure that students attend.

Removal from a lesson

A student may be removed from a lesson due to poor behaviour and spend the remainder of that period with another member of staff. At this stage they will be given a 30-minute departmental detention. The teacher who has sent the student out of their classroom must inform their CPL, PSO and Subject Leader, during the lesson if possible. The CPL/PSO will collate names, check for patterns and be able to address poor behaviour in a timely fashion.

Isolation

A student may be placed in isolation. CPLs and Senior Leaders can place a student in isolation. A student can be withdrawn from class for disciplinary reasons. Isolation offers an immediate, short term provision to allow the learning of others to continue uninterrupted. The period of time spent in isolation will reflect the severity of the offence. Students may be isolated from individual subject lessons, for a limited period of time, at the request of their College Pastoral Leader or Head of Department and in consultation with a Senior Leader.

Students will be provided with appropriate work when they are in isolation.

Students will be placed on report after a period in isolation.

Isolation may be used for things such as:

- Serious incidents of poor behaviour;
- Refusal to accept the instructions of an On Call member of staff;
- Refusal to accept the instructions of a member of the Leadership Team;
- As a consequence of persistently failing to meet our expectation of behaviours within lessons or around the academy site;
- When other strategies and sanctions have been exhausted;
- To help avoid a potentially explosive situation such as a fight between students.

Exclusions

- Both fixed term and permanent exclusion will only be authorised by the Head of School and/or Executive Principal;
- The decision to exclude a student must be lawful, reasonable and fair. Rye Hills Academy will give particular consideration to vulnerable students before a fixed term exclusion is given;
- A student can be excluded for up to 45 days in one academic year;
- All children have the right to an education and Rye Hills Academy will take reasonable steps to set work and mark work for the first 5 days of an exclusion period;
- Alternative provision for education must be made by day 6. (Known as 6th day provision). This will be done in consultation with the parent/carer, SLT, and the appropriate provider;
- Following an exclusion, the parent/carer will be required to attend a re-admission meeting where a plan for reducing the likelihood of further fixed term exclusion will be discussed;

- Further guidance can be found at:
<https://www.gov.uk/government/publications/Academy-exclusion>

The academy may look to liaise with the Local Authority's Inclusion Officer to work with other schools, academies and providers to arrange respite, managed moves and alternative provision if this may benefit the needs of the student.

Use of reasonable force

Staff at Rye Hills Academy have the power to use reasonable force to prevent students from committing an offence, injuring themselves or others, or damaging property and to maintain good order and discipline within the classroom and around the academy site.

The Head of School, and those authorised by the Head of School, may also use reasonable force when conducting a search without consent for prohibited items.

Key staff at Rye Hills Academy are trained in Team Teach – Positive handling strategies with an emphasis on verbal and non-verbal de-escalation techniques. See www.team-teach.co.uk for further details.

DfE guidance stipulates reasonable force may be used to:

- Remove disruptive students from the classroom where they have refused the instruction to do so;
- Prevent a student behaving in a way that disrupts an academy trip, visit or event;
- Prevent the student from leaving the classroom where allowing the student to leave would risk their own safety or lead to behaviour that disrupts the behaviour of others;
- Prevent a student from attacking another student or a member of staff, or to stop a fight;
- Restrain a student at risk of harming themselves through physical outburst.

Searching students

Staff at Rye Hills Academy can search students with their consent for any item.

The Head of School and staff authorised by the Head of School can search students and/or their possessions, without consent, where they suspect a student has a **prohibited item**.

Prohibited items are:

- Knives and weapons (including items that could be used as weapons such as scissors or screwdrivers);
- Alcohol;
- Illegal drugs;
- Stolen items;
- Tobacco, cigarette papers, lighters, matches and e-cigarettes;
- Fireworks and bangers;
- Laser pens;
- Pornographic images;
- Any article that has been or is likely to be used to commit an offence, cause personal injury or damage to property.

Weapons, knives, drugs and extreme or child pornography may be handed over to the police.

Other banned items

A variety of toys and items become fashionable and often lead to distractions and interruptions to learning. Any item that distracts from learning may be confiscated. Items that are banned from the academy may also be confiscated such as: chewing gum and energy drinks. Items containing solvents, such as deodorant, which are used inappropriately will be confiscated and a sanction issued.

Discipline beyond the academy gates

Teacher may discipline students for:

- Misbehaviour on any academy organised or academy related activity;
- Misbehaviour while travelling to and from the academy;
- Misbehaviour when a student is identifiable as a student of the academy (e.g. wearing uniform).

Or misbehaviour:

- That could have repercussions for the orderly running of the academy;
- That poses a threat to another student or a member of the public;
- That could adversely affect the reputation of the academy.

In all cases, the teacher can only discipline the student on academy premises or elsewhere when the student is under the lawful control of a staff member.

Equality Act 2010 in respect of SEND students

Rye Hills Academy acknowledges their legal duties under the Equality Act 2010 and in respect of students with SEND. All incidents are investigated, and reasonable adjustments made for students on the SEND register.

Draft

4 Stage reward system

At Rye Hills Academy we use a 4 Stage rewards system as outlined below with some examples of rewards which may awarded on a daily, termly and annual basis. In addition to awards, such as certificates, points will be awarded at each stage as follows:

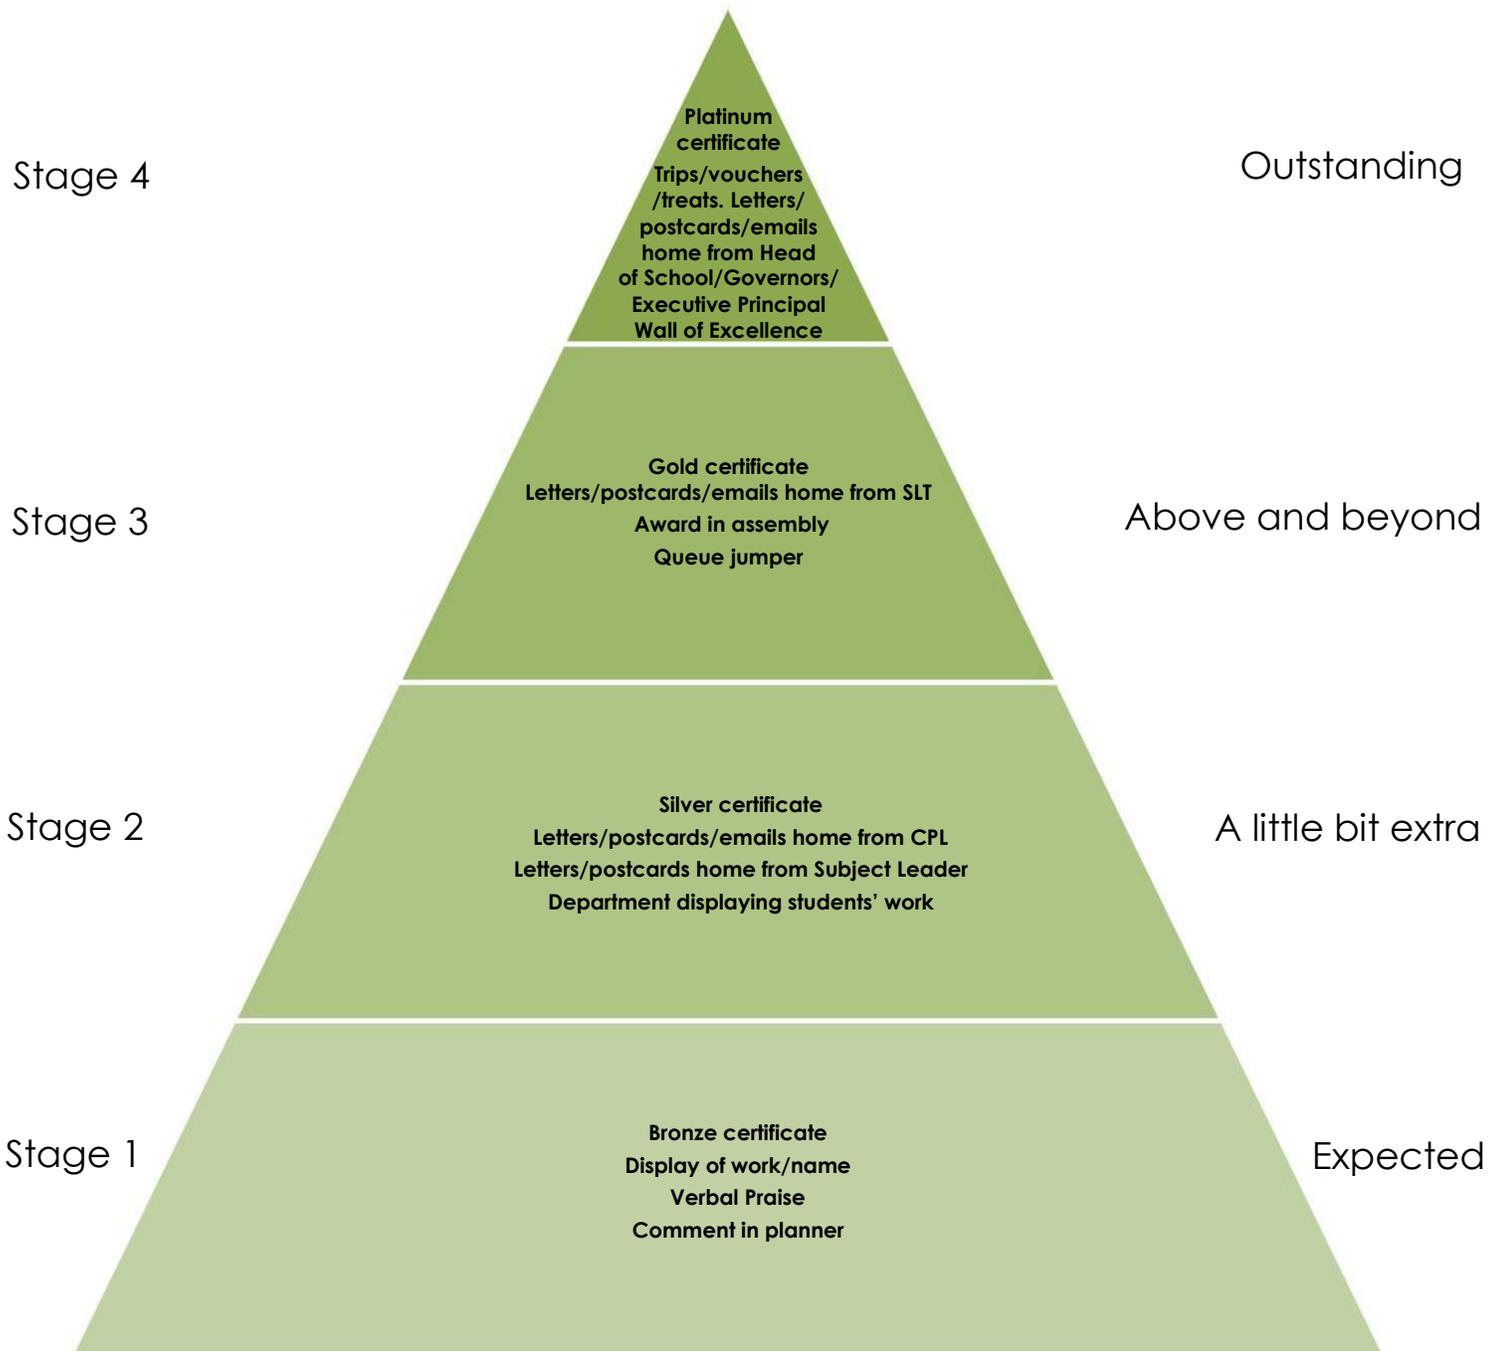

Stage 1 = 1 point

Stage 2 = 2 points

Stage 3 = 5 points

Stage 4 = 10 points

Students will accumulate points throughout the year, reflecting their positive behaviour and will be linked to rewards which are valued by students. Please refer to our Rewards Policy for further details. Examples are not exhaustive.

4 Stage sanctions system

At Rye Hills Academy we use a 4 Stage sanctions system as outlined below with some examples of sanctions. Please note that these examples are by no means exhaustive. Each stage indicates the seriousness of behaviour exhibited and the proportionate sanction which may be issued. Please note that in cases where a student repeats undesirable behaviour, the stage of sanction may be increased. At each stage members of staff will be responsible for managing behaviour with the support of staff at either side of them in the flow chart. In addition to sanctions, such as detentions, points will be recorded at each stage as follows:

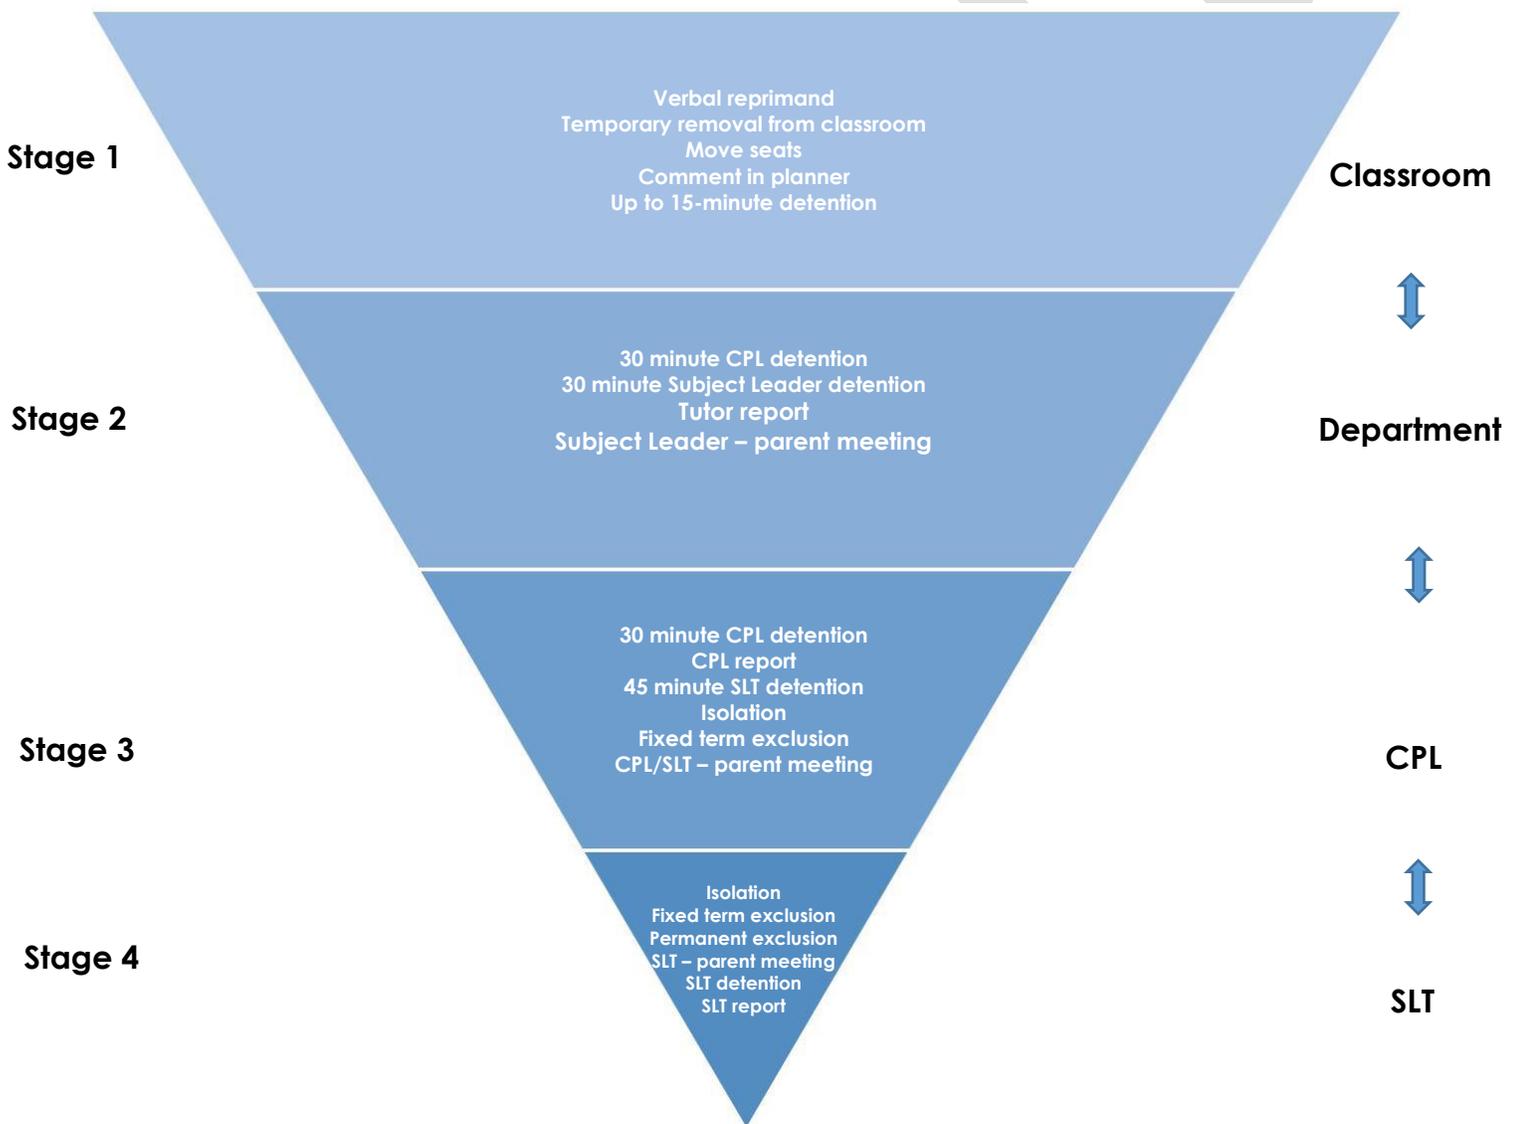

Stage 1 = -1 point

Stage 2 = -2 points

Stage 3 = -5 points

Stage 4 = -10 points

Negative points will be recorded throughout the year and will be linked to the removal of certain opportunities, such as trips.

The tables below provide an overview of how the 4 stage model operates, the types of behaviour exhibited, the stage of sanction which can be expected and the types of sanction which are likely to be administered. This is not an exhaustive list, but simply gives an insight into the some behaviours which may be displayed by students and the outcomes which their behaviour may determine. Considerations will be given to the student's response to the sanction issued, their previous response to sanctions for similar behaviour, and any accumulation of different types of behaviours displayed at any given time e.g. a student who exhibits multiple stage 1 behaviours may be issued a higher sanction.

Stage	Examples of behaviour
1	Homework not handed in on time or to an acceptable standard Interruptions to learning Not prepared for learning
2	Homework not handed in following extension Repeated interruptions to learning Not following instructions from teachers
3	Truancy from the academy Persistent interruptions to learning Not following instructions from Leaders
4	Prohibited items brought into the academy Direct abuse towards staff Not following instructions from Senior Leadership Team

Stage	Examples of sanctions
1	Verbal reprimand, negative points on Progresso, student centred strategy, parent/carer contacted, parent/carer meeting, confiscation of item, up to 15 minutes detention, tutor report.
2	Verbal reprimand from Leaders, negative points on Progresso, parent/carer contacted, parent/carer meeting, removal from lesson, confiscation of item, 30 minutes detention, CPL report.
3	Verbal reprimand from Leaders, negative points on Progresso, parent/carer contacted, parent/carer meeting, removal from lesson, 45 minute SLT detention, SLT report, isolation, fixed term exclusion.
4	Negative points on Progresso, parent/carer contacted, parent/carer meeting, removal from lessons, 45 minute SLT detention, SLT report, isolation, fixed term exclusion, re-admission meeting, alternative education, permanent exclusion.

The table below provides further insight into the possible sanctions which may be applied for identified types of behaviour. This table is not absolute and sanctions will relate to the seriousness of the behaviour and be fair and proportionate. The content of the table does not dictate a specific order of issue, but indicates a range of sanctions relative to the seriousness of the behaviour.
